

Computer Forensics Track

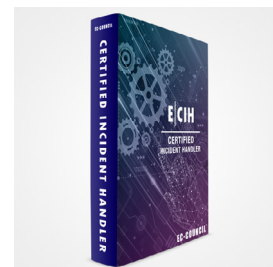

CND

EHCS

CEH

ECIH

CHFI

This track is designed to teach you the skills you will need to become a professional Computer Forensics Investigator in one year!

This track begins with the Certified Network Defender to get you started with a strong network security foundation. From there, you will take the Ethical Hacker Core Skills where you will learn to examine network traffic at the binary level, master the TCP/IP protocol, as well as essential UNIX and Linux survival skills. Additionally, you will be introduced to vulnerability assessments and hacking methodology.

Once you have a solid foundation, you will be ready to move into the realm of ethical hacking and threat hunting with the Certified Ethical Hacker (CEH) course. Learning how hackers break into networks is key to incident handling and response. So, once you have mastered the 5 Phases of Ethical Hacking you will be ready to learn how to detect, validate, contain, and eradicate security incidents.

The capstone of this track is the Computer Hacking Forensic Investigator (CHFI) course which covers major forensic investigation scenarios and enables students to acquire the necessary hands-on experience with various forensic investigation techniques and standard forensic tools necessary to successfully carry out a computer forensic investigation. CHFI presents a methodological approach to computer forensics including searching and seizing, chain-of-custody, acquisition, preservation, analysis, and reporting of digital evidence.

The following courses are included in the bundled rate:

- Certified Network Defender (CND) - \$718
- Ethical Hacker Core Skills (EHCS) - \$718
- Certified Ethical Hacker (CEH) - \$718
- Certified Incident Handler (ECIH) - \$388
- Computer Hacking Forensic Investigator (CHFI) - \$718

Retail Value: \$3,260

Bundle rate: \$1,499

Savings: \$1,761

Bundle includes the following features for each course:

- Instructor-led training modules
- Official e-courseware
- iLabs access
- Certificate of Completion for each course
- Exam Voucher for each course*

Discount not stackable. Single User License (non-transferable). *No exam available for Ethical Hacker Core Skills. The clock starts ticking 24 hours from when payment is received. After a period of one (1) year the program expires, and all courses are turned off.
